## LETTER FROM THE PRESIDENT

Welcome everyone to Key West and to the 34th Kelly McGillis Classic International Female Flag Football Championships. From January 20 - 26, 2026, we will keep you busy

with lots of events for you to learn, strengthen your flag football skills, make friends with other teams and of course to have a great time in Key West.

It is true dedication and commitment from all the teams who have traveled and afforded the travel expenses and hotels. Lot's of fundraising, time off work and then include the amount of time each team spent practicing for the competition. Teams up north, have to rent indoor space to practice. Our international teams need travel visas to come into the country. First they have to pay a fee of \$190 to make an appointment, then get a date for the appointment, and then be interviewed. Our international players may or may not be issued a travel visa. So for the commitment these competing teams have given, including our local girls, is phenomenal. And it is simply dedication to your teams and the sport. I want to thank all our athletes for being here. I want to thank parents for allowing your daughters to play, bringing them to the practices and scrimmages. And I especially want to thank our mom ( and dad) coaches.

I want to welcome our international teams: Nicaragua, Honduras Panteras, Guatemala Whitedromedas, Guatemala Libelulas, Guatemala Titanes, Team Mexico and Morrocco Dragons. I also want to welcome our U.S.A. teams from: Dolphins, Blue Wave #1, First Order, Blue Wave #2, Leo's, Patti the Plumber, Rosa Diaz, Marathon Mermaids, Marathon Young Ladies, and Beards & Brew Loose Women. We will have over 55 games in 3 days, so there will be lots of action at Wicker Field Complex.

This year we have done something extraordinary, by bringing our junior team from Nicaragua to compete in the tournament. I traveled to Nicaragua last April to teach a school of girls ages 8 - 12 yrs. flag football. After 9 days, 43 girls and 4 teams competed in a tournament. In my 40 + years coaching flag football, I never witnessed such a learning curve. These girls (who never saw or threw an American football), were calling their own plays, 8 yr olds were calling the huddles, and everyone knew how to play. I wanted to bring a team of these girls to show our local girls their talents. You

should know these young athletes live in a very poor community with no running water in their homes, nor electricity, so we had to raise it all. Starting in September, our local girls flag football players raised enough money by selling toilet paper!

We knocked on doors, walked through the streets with a wheel barrel filled with T.P. , stood outside Winn Dixie and Publix supermarkets, and we also received generous donations from businesses and individuals, thus helping us to reach our goal. So, now at this tournament you will see an exciting new team from Nicaragua playing in their very first international flag football tournament. Mind you that these girls will get on an airplane for the first time, and leave their homes for the first time. For this team, we should all feel proud and happy providing such a life experience I'm sure they will never forget. Now, these girls will go back home and teach other girls how to play flag football in Nicaragua. We are making them leaders. We will have an IWFFA Tournament April 11-12, this year in Nicaragua. If you would like to travel to compete, come play, come bring your daughter, it really is an affordable travel. Our Cuban women flag football team will also be competing for their first time in their international flag football competition at this tournament. Think about joining us.

Key West is a generous town, filled with so many persons and businesses who have supported our flag football program. You can read in this program who donated and you will read in the: Team Owner section, those businesses who sponsored our girls. We couldn't have done it without them. Thank you everyone.

I ask everyone to look at the ads in the program and know that these businesses didn't have to contribute, but they did. They wanted to be a part of this event, and support our female flag football program. Please be thoughtful and thank them as you go around key west and stock island. to patronage their businesses. Let the businesses know you are part of the Kelly McGillis Classic.

More important than winning, is to experience the excitement. Years from now, you may not remember the score, but you certainly will remember how you felt. Those are the memories you will never forget.

Play your best flag football ever, make lots of friends and have fun.

Diane Beruldsen  
President / Founder IWFFA

## Message From Kelly McGillis

I would like to thank and welcome all players, referees, and fans to the Kelly McGillis Classic. I also must thank Diane. Her excitement and

passion for women's Flag Football has been unwavering. It is she who really deserves the credit for this annual event. I am just a "name" but her love and devotion to making the world a bit better for female athletes around the world has made all of this possible, not only possible but an annual event! My admiration for her has grown over all these years and I am grateful I can call her a friend. My hope for those who compete in the Kelly McGillis Classic is that you not only have a great time, but also find a bit of that passion and commitment to one another and for one another, and for the sport itself. Yes this is a competitive sport, and yet it is more than that. It is an opportunity to find common interests, for new friendships, and to support one another as female athletes. You have worked hard to compete in the Classic. Acknowledge that and be proud of that. You have found a small piece of your voice by being there. Use it wisely; use it loudly; use it proudly.

And most importantly...have fun and play hard.

With great love,  
respect and  
deep admiration,

Kelly McGillis

# TEAM OWNERS WINNERS CIRCLE

## Team Owners who will join our 2026 Winner's Circle

Once a women only tournament, the girls first started to compete in our Kelly McGillis Classic in 1998.(It was actually Kelly McGillis who said she would loan us her name, if we included girls in the tournament). For us winning is not empha-sized, but rather camaraderie, understanding the game, over coming the challenges on the field and having fun. We are a developmental program to build great leaders for our future and the well being of our communities, work place and each other to make a better world.

In 2009 we were incorporated into the Monroe County schools supported by then Monroe County School Superintendent: Randy Acevedo. Today the program continues and we thank School Superintendent Theresa Axford, the school board, and all the school principals and coaches in the Monroe County School system. Through the years the girls division had grown exponentially with over 300 girls competing. The IWFFA then had great diffi-culty to afford all the girls teams. So, we initiated the "Team Owner" program in 2010, which has opened the doors for all girls in the Florida Keys to play flag foot-ball for free. Schools from Key Largo to Key West compete in our annual tourna-ment and it is possible through our Team Owners who support the program today

Many thanks to our 2025 Team Owners who now join our our "Winners Circle" officially at the girls awards ceremony. Their name plates are displayed in our Monroe County Schools on our "Winners Circle" plaque.

## KEY WEST SUNRISE ROTARY IN THE CONCH

Team Owner since 2011  
HOB Girls ages 10 - 11 yrs

Their financial support for so many causes has made the Sunrise Rotary an integral part of our Keys community. Key West Sunrise Rotary Club in the Conch Republic was started in 1988. Local Rotarians felt that it was important that Key West have a Rotary Club that welcomed women members so a group of individuals got together and chartered a new club. The first President was Roy Anderson, who later was elected District Governor for Rotary District 6990. Charter members were: Steve Hen- son, Kim Works, Rich Welter, Percy Curry, Sparky Carbonell, and Mike Horne. Thank you to this amazing group for recognizing that "Service Above Self" includes everyone both men and women!

### BLUE HEAVEN AND SALUTE RESTAURANT -

Team Owner since 2010

HOB Young Girls - ages 8 - 9 yrs

- On September 19, 1992 Suanne the artist and Richard the writer cooked and served black beans, rice, and fish to their first lunch customers on the painted picnic tables under the tropical almond tree of their fine outdoor dining area. Before then, through the years, the property has hosted cock fighting, gambling and

Friday night boxing matches refereed by Ernest Hemingway. A dance hall, a bordello and a playhouse have occupied the second floor. Today inside the Bordello Gallery above the restaurant, one can still peek through the sliding peep holes into the tiny rooms.

The restaurant has grown, just as the history and stories of the property itself, and has turned into one of the most fun, delicious and popular places to dine. Blue Heaven contributes and supports the community heavily over the years. And their owners are active citizens to better conditions for all.

### Women of the Moose Chapter 1810

The Big Pine Women of the Moose, is part of the women's chapter of the Moose International Inc., established in 1913. There are 1600 chapters in the United States and Canada with membership exceeding 500,000 women. The Big Pine group of women have supported the girls flag football the past 5 years, and this year became one of the main sponsors.

Moose women understand the importance of supporting girls flag football, and the Kelly McGillis Classic event. In unity, woman power and support for all, we benefit greatly.

Their work program invites their employees to sign up for events, and then receive time off work. So, the bank is really paying their employees to be here who help us tremendously. From selling raffle tickets, food concession, information table, holding chains, etc. they are the most experienced group of volunteers with big smiles on their faces. **► Porter Wilson Award** - IWFFA's most prestigious award. Goes to the person (female or male) who has done the most for women and girls flag football. Porter Wilson invented the game of flag football we play today and also the Flag A Tag belts we use which increased the quality of the sport. Porter was our first sponsor in a time when women's sports were thought to be filled with only lesbians and companies did not want to endorse. Times have changed, thank goodness. Porter accepted everyone, he passed away in year 2000, and every year since

## **Our IWFFA Philosophy**

Winning is not emphasized, and instead we promote playing your best, help your teammates, play clean, have fun and make friends with the other teams. When the girls go on the Trolley Saturday night, their job is to: hoop and holler, have fun and make as many friends with the other teams as possible.

Throughout our flag football practices, games and other events during our flag football season, like car washes, selling toilet paper and dominos cards, etc., we work side by side with girls from other teams and are a unity of female flag football players working together.

## **A Community Organization**

Our girls pay nothing to play. And it will always be that way. This year was interesting because I got thanks from a lot of parents who appreciated the program costing nothing. We afford the program by soliciting Team Owners to help pay for our expenses. All parents should thank the person, or company or private business who sponsored your daughter's team. We also raise money doing car washes, selling Dominos Pizza cards and this year we sold toilet paper.... one roll at a time to bring our junior team from Nicaragua.

For the community, all girls are invited to play and will not be turned away because their family cannot afford the registration fee. No girl is turned away, because she can't "make the team". All girls will play equal time on the field because there is only one way to learn to become a better flag football player and that is to be on the field playing and less time on the bench. We are powered by mom coaches, volunteers and local businesses who are working together to make a better community by empowering one flag football girl at a time.

## **Mom Coaches**

There she is, the mom coach on the field,

every week. She comes home from work and would love to relax but has to take care of the family chores and cook dinner. Her daughter plays flag football, and the team needs a coach. She's asked to do something she has never done before. She doesn't know much about the sport, has never played, never coached, and is totally confused when she watches the Superbowl.

Sometimes the girls are wild. Sometimes they don't move, but Mom is thoughtful and understands what the girls need. Did the girl fall and get hurt? Maybe she needs a hug. Is the girl hungry or thirsty at practice? Mom coach will bring snacks and water bottles to the next practice. Soon, Mom Coach knows what the girls need to practice for flag football and gets on with her own style.

Mom presents a coaching style that is very different from what the girls have seen from their male coaches and PE teachers. The girls have been brought up on a testosterone style of play, reinforced by men's sports that dominate the airwaves. They have seen the awards, rewards, the glory and praise these athletes receive, and assume this is the way it's supposed to be.

Mom Coach creates a new image for coaching in these girls minds concisely and subliminally. Mom Coach is most likely not as loud, may not look so strong, perhaps seems unsure. She sees things differently and decides differently. She gives her time, her love, her patience and understanding to all the girls on the team.

Above all, the Mom coach knows that the team's purpose isn't to have the highest score, but to build strong leaders to make a better world. Instead of rewarding strong athletes who have bad behavior, she rewards athletes who show other skills like compassion, friendship and honesty.

- How lucky we are to have Mom Coaches leading the way.

## Nicaragua Junior Girls Flag Football Team

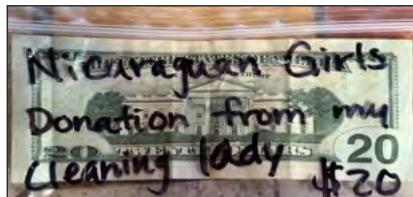

Nicaragua Junior Girls Flag Football Team I travel a lot. I'm a million miler traveler who travels to dozens of countries around the world once this tournament is over, introducing the sport, starting up teams and leagues, bringing new teams to this tournament and uniting teams under one umbrella. The International Women Flag Football Association (IWFFA) is a unity of female flag football players all around the world. So, last year, I traveled to Nicaragua for the first time to put our IWFFA foot in the door and add competition to our Central America Region. I went to a school to train 43 girls ages 8 yrs to 12 yrs. These girls live in a community so poor, they have no running water in their homes, nor electricity. Needless to say, they had no cell phones of their own and were not consumed by social media. This meant I had their undivided attention. I had a woman from Guatemala join me to be my translator: Katherinne Brigethe Mezarina Matzar, who I call: Kat, who was once a kindergarten school

cause of my translator, or because it was fun, but these girls were ready!

After 9 days of training, for one hour each day, on a dirt field (garbage being burnt on the side lines), we had a tournament on the 10th day. I couldn't coach, because I had to officiate. These girls had no coaches and yet they were playing as if they had been playing for years. The quarterbacks were calling their own plays, even creating new plays, the 8 year old snappers were calling the huddles. Everyone on the team: offense, defense, kicking and receiving knew what to do. This was really special because in all my 40 years coaching flag football, I never experienced such a learning curve! I wanted to share these girls talents with our local girls.

The IWFFA had never done anything like this before. We sponsored a junior team with: passports, visas, legal fees, airline tickets, food and finding accommodations, in order to compete in our tournament. This was a huge task indeed. Our girls sold toilet paper for \$2 a roll, knocking on doors. We sold outside Winn Dixie, red tagging it at Publix. We had car washes and donations were made.

The travel and experience for our Junior Nicaragua players will not be a Joy Ride. They are now responsible to go back to Nicaragua and teach the other girls (and women) how to play IWFFA 8 on 8 flag football. These juniors will be leaders for flag football and leaders in their communities. They will continue to promote the IWFFA philosophy which is to play one's best vs. winning, to support teammates, play clean and make friends with the other teams. 

teacher. I don't know if it was because this flag football training was for girls only (girls love when it's for girls only and no boys allowed), or because it was something new and different, be-

## 9 Year Old Girl

By: Diane Beruldsen

In the fall of 1968, there was a young girl 9 years old, sitting on her friend's stoop, outside his house, waiting for him to come out to play. This was a regular routine for the girl as the two best friends developed over the past summer. And on this Saturday morning, the girl had been waiting since early morning. Now it was almost noon and suddenly, her friend's mother came outside to go shopping and asked the young girl what she was doing. The girl said she was waiting for Jackie to come out to play and the mother said " Oh, but Jackie has football practice today, he won't be home till later". The mother left, and the girl went looking for other friends to play with, only to find that they all went to football practice.

All of her friends were boys, she was the only girl in their gang of friends. At that time, there were no sports teams for girls to join. So, she went home and waited till later in the day to join her friends when they came home.

I was that girl, and I do remember those Saturday mornings and how strange it felt for me not to be playing with my friends on Saturday mornings. I was a Tomboy, who was very active, had many friends, mostly boys, and we had so much fun playing together. But I do remember the "quiet feeling" deep inside my soul, being left out, not understanding and it has stayed with me since. I think the most powerful actions, come from deep inside.

Because of my experiences as a young girl, and later as a young woman, living in a time and society, when women had to fight for their rights, equal job opportunities, not all the doors were open to females in sports and I wanted to make change. Those injustices were what fueled me to be the organizer for flag football and to give every girl and woman the opportunity to play, no matter what their skill level or

experience. While many sports have "try-outs" for sports teams, our IWFFA organization welcomes everyone onto the team. While many teams play their best players, we put all our players onto the field, for equal playing time, because that's the only way to get better... is to be on the playing field.

We are a women's and girls sport and humanitarian organization and we operate differently than most other organizations. We want to create our own style of playing flag football, because we think and act different from our male counterparts, we want to run our organization the way we design it and we travel all over the world conducting flag football clinics to train females to play, coach and officiate flag football, for free. We invite mother's to coach their daughter's, so that the young girls can see women in leadership roles. We use the sport to teach leadership skills, so that they can be transferred off the field and used in society, the work place, social settings and politics. We build female leaders for the future, one flag football player at a time and our goal is for have women to have influence in world affairs to one day have peace in the world.

# PLAYER / TOURNAMENT INFORMATION

**Flag Belts** - Flag A Tag WFVs Sonic Belts are only belts allowed. Mexico makes a cheaper version and are not acceptable because they are inconsistent with amount of force needed to pull the flag off the belts. Therefore, during player check, officials will check to make sure only Flag A Tag belts and flags are used. Teams are required to provide their own. If a team needs to purchase, they are available for \$60 a dozen at the info table.

**Footballs** - Tournament provides each field with official game ball: Wilson, TDJ all leather. No switching footballs. This year, girls play with softer Jr size IWFFA Football and will provide.

**Pennies** - Teams need to designate their 3 offensive line players - different color shirts is OK. Mesh vests are good to show player numbers. If you do not have your own, you may borrow at information table.

**Score Cards** - Prior to your games, each team will receive their SCORE CARDS and pen. When you have finished each game, fill out game scores, pick MVP offense and defense for your team and opposing team, rate the officials (remember this year we use the score cards to decide which official receives the Golden Whistle award). Please fill in your score cards and return immediately after each game (your votes on these cards may very well determine some MVP recipients). Thank you.

**All Star Teams** - I Coach and I Captain from each team will decide with all other team coaches & captains - who the Offense & Defense All Star teams will be. It is a discussion in a group, immediately after the championship game and it is an agreement. Medals are awarded to the All Stars at their Awards Presentation. Girls & Juniors will have their awards on Field #3 which is the Poinciana school field. Women & young ladies will have their awards given out at El Siboney Stock Island restaurant.

**Chain Gang / Team Schedule** – Every team is responsible to hold the chains when they are not playing and is included in the tournament schedule. You may switch chain times with another team, but both teams must confirm with tournament director. Penalty for failing to hold chains when your team is scheduled is 15 yd penalty in your next game and opposing team may decide when to apply.

**Player Pre Check** - Team Line-Up Prior to Game – 10 minutes before game time. We ask teams to come to field 10 minutes before game time, to line up on side line for player check (belts tight with flags on sides, proper flags, flags should be "out" position, non-metal cleats, no jewelry, long finger nails cut or taped, no pockets in pants or shorts and team roster check. We will check to ensure all players are registered with team and shirt numbers match roster. Please do not switch shirt numbers during tournament (to aid in player selection). If your team believes the opposing team has an illegal player competing, call time out and tell the head official who will check the roster.

**Players Registering Late** – Players who applied for: "late registration at field" should go to the info table BEFORE you play your first game, in order to register. Show your photo I.D., sign your team roster. You will then be checked off on your team roster which our Field Coordinators use to check players prior all games. If you are not cleared, and begin your play, you will be deemed an ineligible player and your team will forfeit that game. Also, we highly discourage late registrations and ask for all players and team participants to be present at the Registration Thursday night.

## **Move over Dad, Mom has taken over the flag football field**

It was in 2000, when I traveled the Nordic Region to start new teams. I was in Finland and started a new team of women in Helsinki. There were 15 new players who were excited to play flag football and so I went to the Finnish women flag football team to ask which player wanted to coach the team. "Oh we can't coach the team, a man has to coach the team". This was profound. I can still hear the woman in my head and remember how the rest of their team listened and no one disagreed. That was that. And of all countries, Finland was one of the Nordic region, where women are suppose to have equality with the men. Wow.

In 2019, I had the idea to recruit mom coaches for their daughters flag football team. Mom coaching 101 was the name of our program and no experience was necessary. Everybody has their first day on the job. I wanted the girls to see their moms as leaders and to give moms the chance to be the leaders on our flag football field and in our organization. I want the IWFFA to develop the female style of playing flag football because everything in this world is influenced by our male counterpart (everything). We have estrogen running throughout our female bodies which guides how females behave, move and think which is very different from males. We may not be as fast or as strong as our

male counterpart, but that is not our nature to play the sport. Instead, the IWFFA thinks female style of playing flag football, should be dictated to what is natural to our bodies. Females are more cognitive, more team cooperative, more verbal (which may give officials headaches) and should play with finesse and strategy vs. brute force and speed (you are welcome to speak to me about this if you like).

## **So, how can we achieve this if we continue have "testosterone" coaching our girls?**

Exactly, and so we have to start doing something different and that's why in 2019, I started gathering moms to coach their daughters. I coach the girls from the beginning of our program, first week in November, until tournament time when I let loose the team to their mom coaches. The moms are with me during the practices, and some moms will take over entirely like the two coaches from Sigsbee this year: Emily and Charmain. For the majority of moms, they learn from watching me. They know the players, learn the plays, team positions, how to call the plays and the goal is the tournament. We like to have two mom coaches on each team, one on the field and one on the side line for emotional support because sometimes a hug is needed to make the player whole again to return back to the field to continue to play.

## Rachel Georgelas: Champion for Women's Empowerment in Flag Football

Rachel Georgelas, a trailblazer and advocate for women's empowerment, has become a driving force behind the International Women's Flag Football Association (IWFFA). Her passion for equality, coupled with her dedication to promoting girls' flag football, has led her to take on the role of the benefactor for the prestigious 32nd Kelly McGillis International Female Flag Football Championships.

Born into an athletic family that values equality and fairness, Rachel has always been inspired by the idea that everyone deserves an equal opportunity to pursue their dreams, regardless of gender. This conviction became even more pronounced with the birth of her three daughters, whom she envisions growing up in a world where they have the same opportunities as their male counterparts.

Rachel's journey into the world of women's flag football and her involvement with the IWFFA began with a desire to make a difference. Witnessing the challenges that women often face in sports, she recognized the need for a platform that not only celebrated their talents but also provided opportunities for growth and development.

As a benefactor of the IWFFA tournament, Rachel is not only con-

tributing to the growth of women's flag football but also setting an example for her daughters and other aspiring female athletes. She firmly believes that sports have the power to instill confidence, resilience, and leadership skills in young individuals. By investing in women's flag football, Rachel aims to create a space where her daughters and countless others can thrive, compete, and excel.

Rachel's commitment extends beyond just financial support; she actively engages with the IWFFA community, attending events, and connecting with players to understand their experiences and aspirations. Her dedication to fostering a sense of community and camaraderie within the women's flag football scene is reshaping the landscape of the sport.

Through her efforts, Rachel Georgelas is not only leaving a lasting impact on the IWFFA but also contributing to a broader movement towards gender equality in sports. Her vision for a world where her daughters can chase their dreams on an equal playing field is reflected in every initiative she undertakes, making her a true beacon of inspiration for aspiring female athletes everywhere.
